Chartered Member Assessment

A summary of key information.

The Chartered Member Assessment (CMA) is a robust assessment process and achieving the Chartered Member designation is a strong demonstration of your commitment in developing the skills and knowledge you need to be an effective director.

Chartered Members and Chartered Fellows of the Independent Directors Association make an annual declaration of good character, commit to continuing professional development and to upholding the principles of the IDAPNG Charter.

Criteria

To sit the Chartered Member Assessment you must have completed the IDAPNG Corporate Governance Course (CGC) or equivalent.

The Chartered Member Assessment has two parts:

- The exam: a multi-choice exam (60 questions in 75 minutes)
- The assignment: a 2,000 word assignment based on a case study (3 weeks to complete)

These will assess your knowledge and understanding of *The Three Pillars of Governance Best Practice*, and the content of the IDAPNG Corporate Governance Course.

You will need to achieve a 70% mark in both the exam and the assignment to pass the assessment.

Preparing for the Chartered Member Assessment

When preparing for the assessment there are a number of things you should consider:

• It takes about 30 hours of preparation on average to sit the exam and another 6-8 hours to prepare for and answer the assignment.

Study materials

- Begin preparation about 3-4 weeks before you apply for the assessment by reading the following:
 - The Three Pillars of Governance Best Practice
 - Relevant sections of the Companies Act 1997
 - Your IDAPNG Corporate Governance Course notes.
- You may also find it helpful to review:
 - Finance and legal material
 - AICD publications and other resources
 - Health and safety guidance
 - Risk management articles.

Completing the Assessment

You may complete the two parts of the assessment in either order.

Timeframe

You will need to complete both parts of the assessment within three months of either sitting the exam or receiving the assignment (whichever you choose to do first). Failure to meet the timeframe will give you a null mark for the completed part of the assessment.

Results

You will be notified of your exam results within one week of sitting the exam.

The IDAPNG will communicate assignment results by email within four weeks of receiving your assignment.

Fees

The fees for the assessment are charged separately for each part.

- **Examination:** K1,000 incl. GST, paid on registration
- **Assignment:** K1,000 incl. GST, paid on registration
- **PDD points:** 10 PDD points are allocated to each part of the assessment.

Points are not dependent on a pass mark.

Becoming a Chartered Member

It's a great achievement to pass the Chartered Member Assessment (CMA). Once you have passed you will be invited to apply to upgrade to Chartered Member. Your first step will be to complete the upgrade form which will require you to demonstrate you are a member of a governing body of a qualifying organisation.

A qualifying organisation is one where there is a meaningful separation of the executive function from the oversight and governance function of the organisation. The size of the organisation doesn't matter as long as there is a meaningful separation between management and governance. School boards and many other trusts or not-for-profit boards qualify.

Don't have a current board role?

You don't need to worry, the Chartered Member Assessment does not expire. You can complete the last step to upgrade to Chartered as soon as you obtain a directorship.

We encourage members to sit the assessment following completion of the IDAPNG Corporate Governance Course as it can be a great way to test your knowledge and assist your learning.
